***Allowable Subject Matter***

Claims 1-20 are allowed.

The following is an examiner's statement of reasons for allowance: The present invention is directed to optical communication devices for home appliance devices such as dishwashers, clothing washing machines, dryers, ovens, refrigerators. Each independent claim identifies the uniquely distinct features "a first indicator light mounted behind the vacuum fluorescent display (VFD) so that the first indicator light may be operated as an optical communication device for optical communication through the vacuum fluorescent display". The prior art cited herein fail to anticipate the above limitation obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
